**Mayors Message** – Summer is almost here. There are many things to do where we live.

The candy cabin will open June 2<sup>nd</sup>. Cabin hours will be Tuesdays, Thursdays, and Saturdays from 12 noon to 4 p.m., until school starts in the fall. Come see what a general store in the 1860's would have been like and buy candy you used to enjoy as a kid.

We have beautiful parks. Occasionally we have vandalism in them. If you observe anything of this nature, we hope you will report it. We want everyone to enjoy our parks!

The Cache Valley Unplugged program provides a summer full of fun activities for children and their families. Elementary school children will receive a lanyard at school with instructions. Anyone is welcome to participate. Additional lanyards can be obtained at the Cache Chamber of Commerce and Visitor's Bureau. You can learn more about the program at [www.cachevalleyunplugged.com](http://www.cachevalleyunplugged.com).

We have had a mild winter and not as much snowpack in the mountains as we would like. Please use water sparingly. If you feel someone is abusing their water privileges, please call the City Office, or email and the problem will be looked into. Abuse of watering may result in loss of watering privileges.

I hope everyone has a great summer!

Sincerely,  
Mayor Stephanie Miller

**Special Thanks** – Special thanks to the Hyrum City Youth Council for their donation to the Hyrum City Parks Department. The money donated was used to purchase a basketball standard for Salt Hollow Park. Thanks again to the Youth Council for helping make the parks more enjoyable this summer.

**Home Energy Savings Program** – The Home Energy Savings Program is available to Hyrum City electric customers who are participating UAMPS energy partners through Hyrum City. Home

Energy Savings offers cash incentives to customers who purchase energy efficient appliances and lighting fixtures from participating retailers.

Why buy energy efficient appliances? Get cash back when you purchase a qualifying clothes washer, refrigerator, dishwasher, room A/C unit, water heater, or lighting fixtures. Plus you'll save money on your energy bill year after year, and help the environment!

Ensure your eligibility by checking [www.smartenergy.uamps.com](http://www.smartenergy.uamps.com) or call 1-888-365-1558. Applications will be handled on a first-come, first-served basis until program funds are depleted. Applications are available at the Hyrum City Office.

**Message from the Sewer Department** – As I drive through town I see sewer lateral clean outs sticking out of the lawns and ground. A few years ago the city enacted a code where new construction is required to put a trace wire along the buried pipe work and up to the surface outside the house. The clean out is to be housed in an 11" by 17" sprinkler box for easy access. This will allow for the trace wire to be hooked to a locator to be able to tell direction and depth. More importantly it allows for fast easy access to pipe for cleaning and or unplugging of the pipe. Most sewer plugs, happen in the house or the line from house to the city mains in the street. The home owner is responsible for maintaining and plugs in this area. The other cleanouts can be cut down to ground level. (For cleaning purposes it would be helpful to have them accessible) There is nothing I know of more inviting to children than to drop rocks into a vertical pipe in the ground, thereby plugging it. Please keep cleanouts, especially the closest to the house accessible for cleaning.

– Kevin Maughan, Sewer Superintendent
